

CHAPTER 12:

NOTIFICATIONS

PURPOSE

The purpose of this chapter is to describe the Notifications that an organization may receive, the conditions that generate those notifications, and how long the Notifications are retained.

REVIEW

Notifications are system generated messages sent to ASAP User organizations when certain key events occur. These events may include but are not limited to - when an available balance is increased or decreased, when a request is awaiting agency review, or when new ASAP accounts are added.

Notifications are not directed to one user in an organization but are directed to the organization as a whole. Therefore, the first user to read the Notification messages should share the information with other users within the organization.

Unread Notification messages are retained for 25 business days. Read Notification messages are retained for five (5) business days. After the retention period, Notification messages are purged.

When a user logs onto the ASAP system, a message will appear indicating that the organization has unread notification messages. The following screen shows the message that a Federal Agency receives on the Federal Agency Functions Menu.

SP060A	AUTOMATED STANDARD APPLICATION FOR PAYMENTS	08/02/00
SP060A0	FEDERAL AGENCY FUNCTIONS MENU	HH:MM:SS
